

Evaluation Centers

This list has been developed to assist parents and professionals in finding centers that perform educational, developmental, and/or vocational evaluations. The list is not intended to be an exhaustive listing, nor does inclusion in this list constitute an endorsement of the facility by the Family Resource Center on Disabilities.

While the results from independent assessments must be considered by public school district personnel in determining the nature and severity of a child's disabilities, as well as appropriate services to be provided, evaluation results are not necessarily binding upon the public school district's personnel in making recommendations for services and placement.
